

MUSA

ENGLISH

Where two worlds met,
a light-hearted refuge was born.

Musa was born from the story of a couple — Rachel, Brazilian, and Matthew, Australian — and the desire to unite cultures, flavors and good energy.

Inspired by their time in Bali and the Australian culture of brunches and barista coffee, they brought to Brazil a healthy and creative gastronomy, made with real ingredients, superfoods, and artisanal preparations.

Here, every detail is crafted with intention: real frozen fruit in smoothies, dates for sweetness, superfoods like turmeric, maca, collagen, bee pollen and combinations that nourish both body and soul.

More than just a restaurant, Musa is a light, respectful, and welcoming space — guided by affection, purpose, and care for both visitors and the team.
